## Happy Tails | Sammy Davis Jr.

### From wallflower to heartbreaker!

Since his adoption, Sammy Davis Jr, a former member of our collie mix “Pup Pack” has been working hard to overcome his shyness. He has already become very popular, making dozens of friends at his local dog park. He even enjoys shopping with his new family, where he works hard to get the attention of everyone he meets. Not only is he cute and popular, but he’s also smart - quickly learning the words come, lay down, sit, wait, and okay. Sammy’s new family reports that he is growing like a weed, and they are enjoying watching him blossom into a proper young gentleman!

**Thank you to all of our adopters who open their hearts and homes to these wonderful animals!**

### OUR MISSION

Assist in the reduction of pet overpopulation, while improving the lives of homeless animals through quality care, adoption, education and advocacy.

### OUR VISION

Create communities where every companion animal has a safe and loving forever home and people value animals and treat them with respect and kindness.

## We need your help.

It might seem like we run on pure love, but caring for animals costs money too! Did you know we don't receive any county or state funding? HSBC wants to place every animal into a forever home and we need your help to make that happen.
